****PLEASE NOTE these are optimistic estimations of arrival time. Due to continuous construction changes, it is difficult to accurately give a drop off time.**

Bus route number is found on the bus doors located on the side of the bus.

Westbrook Attendance Zone students must provide their own transportation to school in the mornings. At 3:10 PM when the WAVE school day ends, Westbrook Intermediate attendance zone WAVE students may wait in the Commons until 4:00 PM and ride their neighborhood buses home.

Please be aware that it is the responsibility of the parents to have their children at the appropriate pick-up locations in the mornings. In the afternoon, upon arriving at the drop-off intermediate location, the students will wait in a common area until their rides arrive or until their neighborhood bus arrives to take them home at 4:00 PM.

To determine the bus route your child will take from the neighborhood intermediate to your home at 4:00 PM each afternoon, please log on to www.ccisd.net, click on the “Bus Routes” icon. (In addition there are route maps for each intermediate school posted in the Westbrook Commons and in each 6th grade WAVE home room classroom during the first two weeks of school.)

*** Westbrook Intermediate bus drop-off and pick-up is in the back parking lot in front of the gym. This is for buses only—NOT cars!**

WAVE families are invited to participate in a carpool database, which is sorted by neighborhood elementary attendance zones. Parents may contact other families to arrange these carpools. Extra copies of this database are available from the WAVE Office at Westbrook Intermediate.

Students may be dropped off at Westbrook Intermediate beginning at 7:30 AM, where they must wait in the Commons until the school day begins. Breakfast is available for purchase there each morning. Morning carpool drop-off and afternoon pick-up should be at the sidewalk by the front entrance to the school (under the clock tower). **Please, follow the WIS Drop-off/Pick-up Policy for the carpool line to insure students' safety and smooth traffic flow.**
